FITZMORRIS THINKS THEY ARE HELPING IN LIQUOR TRAFFIC

Chicago Chief Writes Letter to Federal Authorities—Says That Prohibition is Only Fallacy Now—Believes Fifty Per Cent of Police Force is Aiding Law Violators

(By The Associated Press)
CHICAGO, Sept. 24.—Charles C. Fitzmorris, general superintendent of police, today asserted in letters he sent to John H. Alcock, first deputy, and Charles F. Clyne, district attorney, that he is convinced that fifty per cent of the members of the Chicago police department are involved in illegal sales and transportation of liquor.

Fitzmorris, after writing the letters in which he asked aid in obtaining evidence against his officers and men, said that he would not wait for long drawn out trials in courts but would take the guilty men before the city civil service commission as soon as the government had supplied him with evidence involving any department member. He said the same step would be taken "if I can get the evidence myself."

ORGANIZATION MAKES WORK OF CONGRESS HARD

Cummins Says Country Suffering from Over Organization

(By The Associated Press)

DES MOINES, Ia., Sept. 24.—Picturing Washington as merely a place where organizations make war upon each other for selfish legislative purposes, Senator A. B. Cummins, of Iowa, in a speech here today declared that the present tendency toward over-organization in the country has created a "very difficult and alarming situation."

He declared that organization has gone to such length that it is now practically impossible for congress to get an unselfish and unbiased opinion upon any public question.

"The United States," he declared, "is over-organized and at the expense of independence of opinion. The safety of this country lies in a consensus of judgment among intelligent people. We are drifting toward a condition in which it is impossible to get this consensus of opinion, when every industry and vocation is closely and effectively organized."

"Where are we to get it in Washington, when every bit of information that comes to us, comes from a selfish standpoint. Down there now it is simply a war between organizations. Congressional committees are constantly holding hearings upon important questions and I have yet to hear anything this session a single man come to a committee hearing for the purpose of enlightening the committee from the public standpoint. All come to urge something that will help the particular organization with which they are affiliated."

"It creates in opinion a very difficult and alarming situation," he defended the railroad law of which he was a co-author after stating frankly that many eminent persons had called it a failure.

Senator Cummins declared that the law had two prime purposes to afford railroads a basis of credit and to create a tribunal which would adjust disputes between roads and their employees. "If it had not been for the credit protection given by the law," he said, "800 railroads in the United States would not be in the hands of receivers and many communities would be without transportation."

"I believed that it was possible to create a tribunal which would adjust industrial disputes. I am less optimistic now than I was when the law was enacted. If the railroad companies refuse to abide by the decisions of the railway labor board and if the employees also refuse to abide by the board's rulings, then of course the tribunal's work is fruitless, as there is no legislative way of compelling compliance."

He characterized the attitude of some railway workers, and of one railroad which have refused to

Cogan Tells of Many Murders

TAX SHRINKAGE WILL BE MORE THAN BILLION

This is Amount Reckoned by Senate Finance Committee

(By The Associated Press)
WASHINGTON, Sept. 24.—A shrinkage of more than \$1,000,000,000 in income and excess profits taxes this fiscal year was reckoned upon by the senate finance committee in revising the house tax bill with a view to raising \$3,324,000,000 in internal revenue in the 12 months ending next June 30.

This was disclosed by the majority report approved today by committee Republicans and made public. The estimated total of revenue under the bill is \$136,000,000 less than treasury experts have figured would be returned this fiscal year under the present law, but is \$84,000,000 more than the revised total under the house bill.

Estimated returns this fiscal year from income and profits taxes are \$1,880,000,000, according to the report as against approximately \$3,000,000,000 of actual collections in the fiscal year ended last June 30. Only about \$50,000,000 of this difference of \$1,120,000,000 is accounted for by changes proposed in the present law. Treasury officers and committee members explained that the remainder is charged off to shrinkage on account of business depression, diversion of funds to tax exempt securities and other causes.

Declaring that the \$3,324,000,000 total proposed under the revised bill was only \$52,000,000 more than the treasury has estimated would have to be raised through internal taxes, the report said that this was "a margin of safety none too large for the fiscal year 1922 in view of the existing business depression and the uncertainty attaching to the yield of income and profits taxes."

"Our committee has acted," the report said, "on the assumption that with the execution of the special railroad expenditures which will be nearly, if not wholly completed in the fiscal year 1922, the aggregate expenditures for the fiscal year 1922 will be substantially as large as in the fiscal year 1921. The special railroad expenditures included in the 1922 budget amount in round figures to \$500,000,000; and the receipts from customs and miscellaneous sources for the fiscal year 1923 are estimated at \$730,000,000."

Dequoting both amounts (\$1,230,000,000 from the total estimated expenditures for 1922 (\$4,460,000,000) leaves in round figures \$2,800,000,000 to be supplied by the internal taxes for the fiscal year 1923.

"The revenue bill as recommended by your committee will raise during 1923, it is estimated, \$2,735,700,000. The difference or deficit of \$65,000,000—about equal to the corresponding surplus for the fiscal year 1922 can and should be avoided by savings and economies. Your committee deliberately recommends a tax program which, while providing revenues substantially sufficient to meet ordinary expenditures on the present scale assumes that a reasonable measure of retrenchment and reductions will be accomplished."

"The law says cabarets must close at a. m.," said Chief Fitzmorris in a memorandum to Alcock, "and I mean that this law shall be enforced. If you find that this club is a cabaret, it will have to be shut down at 1 o'clock every morning."

Chief Fitzmorris also ordered Alcock to conduct an immediate investigation into reports that a loop hotel planned to open a club on its second floor at which all night dancing would be permitted.

"The law says cabarets must close at a. m.," said Chief Fitzmorris in a memorandum to Alcock, "and I mean that this law shall be enforced. If you find that this club is a cabaret, it will have to be shut down at 1 o'clock every morning."

Chief Fitzmorris' statements concerning the liquor traffic followed closely today by federal officials of three detective sergeants charged with illegal transportation of liquor. One of these men, Sergeant Eddie Smale, was on trial in the case in which "Mike de Pike" Heitler and others were found guilty of stealing a carload of whiskey shipped here from Kentucky but was acquitted.

Smale and his two companions were released tonight on bonds of \$20,000 after an all day attempt to have the figure lowered. They were arrested in Lake county north of Chicago yesterday and held in the county jail all night.

IOWA U. HAS A
LARGE ENROLLMENT
IOWA CITY, Iowa, Sept. 24.—More than 6,200 students will enroll in the University of Iowa this year, according to the estimate of University officials who regard their forecast as conservative. At the end of the second day of registration 1,081 more students were registered than at the same time last fall and it was believed that the actual count would show a still larger gain.

Last year the total registration was 5,345.

Students it has already become necessary to restrict registration to Iowa students since the college is too crowded to receive students from outside the state.

Decisions of the labor board to be "as unwise and as unpatriotic as can be conceived."

SEMNACHER WRITES PART OF TESTIMONY AT ARBUCKLE TRIAL

Witness Refuses to Repeat the Details of Arbuckle's Description of His Treatment of Miss Rappe at "Party"—Prosecution Introduces Garments Miss Rappe Wore

(By The Associated Press)
SAN FRANCISCO, Cal., Sept. 24.—Alfred Semnacher declined to repeat aloud from the witness stand today the details of Roscoe (Fatty) Arbuckle's description of his treatment of Miss Virginia Rappe at the revel which led to the girl's death and instead wrote them out on a paper which he showed to the attorneys and to Police Judge Sylvain Lazarus, who is hearing the murder complaint against the film comedian.

He first said that Arbuckle's story of the incident, told to himself, Lowell Sherman, Fred Fischbach and Arbuckle's chauffeur, Harry McCullough, and which involved the use of ice, caused a general laugh. When the details were demanded, he objected to testifying verbally.

No one remonstrated at Arbuckle's tale, according to the witness, who said it was told in Arbuckle's suite at the Hotel St. Francis where the drinking party had taken place the afternoon before. Other conversation about the affair was limited to discussion of the intoxicated condition of some of the participants, Semnacher said. He testified yesterday that he had only coffee to drink.

In answer to questions from Arbuckle's attorneys, Semnacher said he had observed nothing improper in Arbuckle's actions toward Miss Rappe or any of the other women at the party.

When the news of Miss Rappe's death was brought by a newspaper reporter to Arbuckle, Sherman, Fischbach and Semnacher in Los Angeles the evening of September 9, Semnacher declared Arbuckle expressed regret at her fate. All the group spoke of her death as an unfortunate accident which they could not understand, according to the witness, and Arbuckle, after a discussion of what had better be done, telephoned to the chief of police in San Francisco offering to come north immediately if he was wanted.

Questioned by Defense.
Semnacher was the first witness to be subjected to questioning by the defense and these inquiries were but few. Aside from his statement regarding Arbuckle's conduct at the party, the defense drew from him an admission that Frank Dominguez, chief counsel, had told him to tell the entire truth to Captain of Detectives Duncan Mathewson and that the defense had never heard his version of the case.

The prosecution introduced as exhibits the garments which Semnacher said Miss Rappe wore on the occasion of the St. Francis, and Dominguez asked the witness if he had seen Arbuckle wearing Miss Rappe's Panama hat. Semnacher replied that he had not.

The defendant entered the court room with considerably more cheerfulness than he has evidenced since his arrest and grinned at District Attorney Matthew A. Brady's facetious comparison of their two waist lines. His smile died away quickly, as soon as the testimony began, and it did not return all morning.

Today's session of court occupied less than two hours. Women not provided with credentials were warned away from the hall of justice by the police, who had a much easier time of it than yesterday or the day before in handling the crowd. A corporal's guard of men spectators remained throughout the hearing but some of the women left early. The rest of the women's delegations from civic organizations watching the progress of the case stayed until the end however.

After Arbuckle decided to come north to report to the chief of police according to Semnacher the start was made in the early hours of Saturday, Sept. 10. He drove in one machine with Fischbach and Semnacher, while Arbuckle, Dominguez, Arbuckle's manager, Lou Anger, and the comedian's chauffeur occupied another. These were very little discussed of Miss Rappe's death tonight, he said and none that involved Arbuckle's conduct with her.

SENATE BEGINS DEBATE ON NEW PEACE TREATY

Democrats Believe it Leads to League of Nations

(By The Associated Press)
WASHINGTON, Sept. 24.—Echoes of the Versailles treaty fight resounded today as the senate began debate in open session on the new peace treaty with Germany. The lines were drawn with an opening statement in behalf of the new treaty by Senator Lodge of Massachusetts, Republican leader and chairman of the foreign relations committee, and an initial broadside in opposition by Senator Borah of Idaho, Republican "irreconcilable."

Confidence in early ratification was expressed by Senator Lodge as he presented a letter from President Harding requesting prompt action "so that we may put aside the last remnant of war relationship and hasten our return to the fortunate relations of peace."

Opposition was indicated, however, in addition to Senator Borah, by Senator Reed of Missouri, a democratic irreconcilable while several other democrats intimated that they would criticize the new treaty.

Senator Lodge declared that there was no alternative, in establishing peaceful relations with Germany other than the pending or a similar treaty and President Harding by the letter presented by Mr. Lodge asserts that the new peace treaties "are complete harmony with the resolution of the (Knox-Porter peace measure), adopted by the congress; indeed they are the executives endeavor to carry out the expressed wish of the congress."

Discussing the reservations favored by the foreign relations committee, Senator Lodge said he did not believe that offered by Senator Pomerene, Democrat of Ohio, extending to the American individual the property accorded under the treaty to the United States government to be absolute, necessary but was agreeable to its incorporation. Senator Pomerene took issue on the point of necessity for Louisiana's disaster and other claimants should be protected.

Senator King, Democrat, Utah, asked if the administration intended to participate in the reparations commission and Senator Lodge in reply said he did not know whether the administration had decided to recommend appointment of an American in the committee.

Fear League of Nations.

"We'll be back in the league of nations," interjected Senator Watson, Democrat, Georgia, "if we go into the ante chamber, we are pretty sure to be led into the living room. The question is whether this treaty in its ambiguous clauses will not be the beginning of our entrance into the league."

"We are tied in completely to the Versailles treaty."

"It would be necessary to secure rights from the reparations commission," Senator Borah argued, "or else maintain our position as a separate and independent power."

"If any man thinks he has escaped the league of nations by getting into the reparations committee," Senator Borah added, "he'll be due for a sad awakening after he gets in there."

Senator Reed said he thought a treaty of peace was to settle the difficulties with Germany, the Knox resolution he argued having ended the state of war.

"This treaty," Mr. Reed said, "settles none of these questions. It leaves us in the same position as the Knox resolution, except that Germany accepts."

WILL REVEALS
SECOND SON

St. Louis, Mo., Sept. 24.—The estate of Herman C. G. Layties, wealthy manufacturer, apparently consisting of little more than his life insurance of \$250,000, according to announcements today, which were made in connection with the arrangements following the probate of his will early this week, when he named George Layties as his second son and a principal beneficiary. It was previously unknown publicly that he was the father of a second son.

Mrs. Layties' wife, of a previous marriage, has announced that she is the mother of George Hope Layties.

REGALES OFFICERS WITH THRILLING TALES OF CRIME

Says He Killed Because He Liked to See People Die—Dowagiac Officials Now Believe Monroe Murders Were Committed for Robbery—Said to Have Kept Money in House

(By The Associated Press)
KALAMAZOO, Mich., Sept. 24.—Picked up in the village of Vicksburg, near here, where the attention of the officers was directed to him by his eccentric actions, Gus Cogan stated that he was an escaped patient from the Jacksonville State Hospital at Jacksonville, Ill. Cogan said he had been committed to the asylum for murdering a man on a railroad track but was hazy as to the details of the alleged crime.

Cogan appears to be suffering from a hallucination that he is a "man killer" for he told about murder after murder which he told officers he had committed "because he liked to see people die."

No foundation of fact could be found by the officers for any of his alleged killings.

Believes Robbery Motive

DOWAGIAC, Mich., Sept. 24.—Search of the little house on the outskirts of Dowagiac in which William Monroe, his wife, Mary, and their 17 year old daughter, Neva, were beaten to death with a club as they slept a week ago tonight strengthened the authorities' belief today that robbery was the motive for the crime. A letter received by Sherman Wyman from Mead, Mich., former home of the Monroes also supports this theory, the sheriff announced tonight.

In the cellar of the home was found a tin can that obtained 67 cents. Officers now believe this can contained the money the family is said to have saved up to purchase a home and that the Monroes were killed by a robber who later found their savings.

Sheriff Wyman declined to divulge the information contained in the letter nor would he say who the writer was. He stated, however, that it gave the officers a new clue which he expected to lead to an arrest.

Relatives of the Monroes told officers today that Monroe earned life insurance amounting to \$2,000 and that his wife's life was insured for \$1,000. The family is believed to have possessed approximately \$1,000 in cash, their home fund.

No record of a bank deposit has been found and the officers believe the money was kept in the house.

Herbert Smith, a resident of Dowagiac, who has been held in the county jail at Cassopolis for questioning in connection with the case was released today.

Discredit Cogan Story
Questioning of three youths held for the shooting of Arthur Criffield during a holdup last Sunday night failed to show they had any connection with the Monroe murder, Sheriff Wyman announced. The officers also have reached the conclusion Gus Cogan, an escaped inmate of the Jacksonville State Hospital, at Jacksonville, Ill., had no part in the slayings although Cogan insisted he was the murderer, when questioned by Kalamazoo county authorities.

Ardrith, the 19-year old daughter of Monroe who was severely injured by the nail-studded club used to kill other members of her family, continues to improve and soon will be released from the hospital where she has been confined since she was found in an unconscious condition last Tuesday in the same room with the other victims of the attack. No further effort has been made to question her in connection with the slayings since she told officers Wednesday she could not remember what transpired at her home last Saturday night.

CANNOT TEACH
ENGLISH ONLY

Fremont, Neb., Sept. 24.—The Reed-Norvall act, passed by the last Nebraska legislature demanding exclusive use of English in instruction in grade schools in Nebraska was today held unconstitutional in an opinion at Columbus by District Judge Burton, who allowed the Nebraska district of the Lutheran Evangelical synod of Missouri a perpetual injunction against the state to prohibit its enforcement. The law however has not been in operation for some time.

THE Central Association also endorsed a new set of rules to govern swimming contests which also will be submitted to the national body for approval. The proposed new rules were drawn to conform to the international regulations.

DETROIT, Mich., Sept. 24.—Changes in the constitution of the Central Association of the American Athletic Union to permit branches of the organization in various cities to conduct local athletic meets which would be given A. A. U. standing, were endorsed at the annual meeting of the association here today. The proposal will be referred to the national body when it meets in Chicago in November.

Such events would be under the supervision of the central body and sponsors of the measure expressed the belief the plan would do much towards fostering interest in athletics. At present the association meets are inter-city affairs.

The Central Association also endorsed a new set of rules to govern swimming contests which also will be submitted to the national body for approval. The proposed new rules were drawn to conform to the international regulations.

INJUNCTION IS TO BE RESISTED BY MINE WORKERS

Convention Pledges its Support in Fight Against Suit

(By The Associated Press)

INDIANAPOLIS, Ind., Sept. 24.—Every lawful resistance to an injunction suit which was said officially to strike at the "very heart and soul" of the mine workers' union was pledged today by an almost unanimous vote of the 1,500 delegates attending the convention of the United Mine Workers of America.

The action was taken after President John Lewis had ruled out of order delegates who wished to present motions for a general strike or adjournment of the convention so the delegates might go home to "prepare our fighting lines."

William Green, international secretary told the convention that a suit filed in federal court here yesterday on behalf of West Virginia and Kentucky operators to prevent unionization of those fields, sought to have the union held an unlawful organization. Apparently he regarded the suit as a step toward an effort to dissolve the union which has contracts with operators covering 75 per cent of the coal miners in the United States.

The attack on the legality of the union, he said, was the most dangerous charge ever made against it and he pointed out that the injunction, if granted as sought, would nullify wage agreements and the union's system of collecting members' dues.

Financiers say that lower money rates are not far distant. That will mean easier conditions for the farmers, more building operations and greater general activity.

Senator Cummins says this country is over-organized and it wouldn't be very difficult to prove the statement. Nevertheless the next time you are invited to "join" some organization either as an individual or as a firm the chances are you will accept. It's the fashion to organize nowadays.

Fifty men will tomorrow resume work at the city's largest cigar factory and that is a news item well worth chronicling. If Jacksonville's industries can be kept going this fall and winter there will be no trouble about fuel and clothing and food. Those are to be the big questions in many cities where industries predominate.

Mr. Nash according to the American Magazine applied the Golden Rule to his business and in three years time has made a fortune for himself and given employment to hundreds of people.

There must be some added reason for Mr. Nash's remarkable success for he has no corner on

the Golden Rule and many an employer today strives to apply that rule, with results that are satisfactory, but not spectacular.

The Jacksonville Railway & Light company is doing quite an extensive amount of extra work on pipe lines and tracks. No better time could have been chosen for this work which is affording labor for many men who have been out of employment for week after week.

One reason for hopefulness that the unemployment conference will bring about good results is in the fact that Secretary Hoover is so largely responsible for the conference. Mr. Hoover is a practical business man with a large vision, based upon world wide knowledge of conditions. People have learned to know that when he makes a proposal that it is basically sound and can be counted upon to bring results.

Many strong advocates of prohibition earnestly believe that it is a mistake to have medical legislation discussion obstructing the consideration of tax, tariff and railroad legislation. There is no question that the business of the country is being retarded by the failure of congress to act on these highly important matters of tax, tariff and railroads.

With unemployment increasing and the winter months coming on, it does seem to the average citizen that all possible haste should be made in the passage of the legislation necessary before business conditions complained of can improve. The medical beer bill should not obstruct other important legislation.

Mr. Revell, prominent Chicago merchant who has recently returned from Europe, talks in a somewhat different vein from others about business conditions. Mr. Revell is not so cheerful about general business conditions as are some others, and believes that one cause of present conditions is that

there has been insincerity in optimistic talk. He says that financial men have expressed optimistic views that they did not feel.

In other language, Mr. Revell thinks that business men have been "kidding" themselves and others too much and that better results would come if people quickly faced conditions just as they are.

Now this Chicago business man is widely experienced and successful and may have the right line of argument. But one thing is very certain, that if everybody joined in the refrain and talked in pessimistic vein, conditions speedily would become much worse than they are.

AGED MAN HAS NARROW ESCAPE

John Cavanaugh Patient at Our Saviors' Hospital—Fall in Creek Dislocates Shoulder—Also Suffering From Exposure.

Joseph Cavanaugh, of near Ashland, was brought to Our Saviors' Hospital yesterday suffering with a dislocated shoulder, severe bruises and shock from exposure. Mr. Cavanaugh, who is in his eighty-third year, was watering stock on his farm near Ashland. He always watered the stock at a creek flowing through his land and on this unfortunate occasion he slipped and fell in the creek. The fall dislocated his shoulder and severely bruised him, rendering him helpless and unable to get out of the water. He shouted for help for several hours before anyone heard him. Luckily the water was not deep enough to drown him but his forced immersion thoroughly chilled him.

Mrs. Herbert Dunavan, of Hardin avenue, is a niece of Mr. Cavanaugh. She went to the hospital to look after her aged uncle and found him resting well considering his age and recent experiences.

BANK CASHIER CHARGED WITH EMBEZZLEMENT

Roy Laughlin Alleged to Have Embezzled \$100,000

(By The Associated Press) LAWRENCEVILLE, Ill., Sept. 24.—Roy E. Laughlin, 38 years old, cashier of the Bridgeport Bank & Trust Company, at Bridgeport, just west of Lawrenceville, is under arrest here on a charge of embezzlement. An examination of his books, it is alleged revealed a shortage of approximately one hundred thousand dollars.

Laughlin was arrested last night at his home in Bridgeport by Sheriff W. H. Stivers. He admitted according to the sheriff that he forged a number of notes on Lawrence county's citizens, but asserted he did not know their aggregate.

The arrest followed issuance of a warrant charging embezzlement. The warrant was issued by Prosecuting Attorney Longnecker. Following an examination of Laughlin's accounts by three deputy state bank examiners. The examiners began work early this week.

Bail was fixed at \$150,000, but Laughlin said he would make no effort to furnish it. The trial probably will be in October and Laughlin stated he was satisfied to remain in jail until that time. Laughlin has been connected with the bank about ten years. He is married, but has no children.

SUPREME COURT DECISION WILL SOON BE KNOWN

Will be Formally Signed Monday Justice Flores Says

(By The Associated Press) MEXICO CITY, Sept. 24.—The non-retroactivity of Article 27 of the constitution is definitely established and the reasons for its non-retroactivity are specifically laid down in the supreme court's decision in the Texas company Amparo case, the final text of which was approved today, according to Justice Benito Flores of the supreme court. Justice Flores said the document would be signed formally Monday and given out for publication immediately. He said the decision was lengthy and "completely comprehensive and exhaustive."

The decision applied specifically to the Texas Oil company the justice declared, but it established certain principles of law on which the non-retroactivity agreement was reached, which beyond doubt will apply to all other similar Amparo cases now pending.

Intermittent secret sessions have been held by the supreme court since August 30 and the completed draft was approved at the final conference this noon.

It is believed that President Obregon has given his approval to the decision.

D. A. R. PLANS FOR ANNUAL LUNCHEON

Event Will Take Place Tuesday At Duncan Memorial Home—Mrs. Jessie Palmer Weber to Make Address.

The D. A. R. members of the Rev. James Caldwell Chapter will open the fall season of the organization with a luncheon at the Governor Joseph Duncan Memorial Home at 1 o'clock Tuesday noon.

The hostesses for the occasion are planning a charming program for the first meeting. Prominent among the numbers will be a speech by Mrs. Jessie Palmer Weber, of Springfield, who will talk on the "Value of Preserving Historical Spots". Mrs. Weber is secretary and treasurer of the Illinois Historical Society, and is a speaker of unusual ability. Mrs. Helen Brown Read will sing several songs and this will be her last public appearance in Jacksonville this year as she leaves soon for Chicago where she is going to open a studio. Mrs. Carl E. Black will speak on "The Life of LaFayette". Many members are expected from nearby towns.

A Mighty Story of the Logging Camps of the Great North Woods.
A Holman Special Production

The Rider of the King Log

Positively one of the Best Pictures in a Long, Long Time

Wilderness, Lord of the olden time. Stalwart and stately pine. They have dragged you down to the roaring town From the throne that once was thine.

And you who have reigned in pine tree's stead Can hope for no stay or truce. For the axe and the saw and the pulp-mill's maw Have doomed thee, too, King Spruce.

"The Rider of the King Log" is a vital story of the logging camps and offers a refreshing change from the eternal social whirl with which the screen offerings are so well supplied. It develops strong characters so vividly that they are living, breathing things, rather than players of parts. It brings the forces of nature into its story and tells a tale of right and wrong with clean, sharp-cut contrasts that ring true.

FRANKLIN MUSIC CLUB IN REGULAR SESSION

Musical Organization Met Saturday Afternoon at Home of Miss Katherine Wright.

Franklin, Sept. 24. — The Franklin Music club held a regular meeting Saturday afternoon at the home of Miss Katherine Wright. There were a great many members present and also a number of guests and the program presented was one which all greatly enjoyed. The assistant hostesses were Mrs. Austin Seymour and Miss Blanche Harney. The program was followed by a brief business session, when various routine matters were given attention.

The program included the following numbers:

Piano selections, Prelude, (Chopin); Liebesfreude (Kreutzer); Miss Katherine Wright.

Vocal numbers, "Sing to Me" (Dantz); "I Love You Truly" (Bond); Miss Blanche Harney.

Readings, "The Obstructive Hat in the Pit" and "Discouragement"—Miss Grace Roberts.

Piano numbers: "To Spring" (Toujansson); "La Regatta Venezolana" (Listz)—Mrs. Maurice F. Walsh.

Quartet numbers: "A Mamma's Hushabye," and "A Twentieth Century Maude"—Mrs. Charles Ryan, Mrs. H. A. Sherman, Misses Grace Hill and Dorothea Sargent.

Piano number, Waltz (Chopin)—Miss Katherine Wright.

At the close of the program the company was favored with a piano number by Mrs. Arthur Wyle of New York City.

Mrs. Wyle, who before her marriage was Miss Lucille Olinger, is a graduate of Illinois Woman's College at Jacksonville and is a musician of unusual ability.

Mrs. Kuntz, who was to have appeared on the program Saturday afternoon, has removed from Franklin and was therefore not present.

The next meeting of the club will be held the fourth Saturday in October at the home of Mrs. William Rees. The assistant hostesses will be Mrs. Darley, Mrs. Gibson and Mrs. Hawker.

FLOWING CONTEST AT AURORA DRAWS MANY COMPETITORS

Horse Drawn Plows Are Forced into the Back-ground

(By The Associated Press)

AURORA, Ill., Sept. 24.—The horse drawn plow was forced into the background by the modern tractor today at the annual state plowing contest, for the event for horse-propelled implements drew few entries and scarcely any attention, while the tractor event brought out the largest number of competitors in any of the contests in years and drew hundreds of spectators.

Henry Schmitz of Sugar Grove was the winner of the tractor class with 91 points, the scoring being on quality of furrows, accuracy and speed. Manley Thomas of Big Rock with 89 points was second, with Peter Nichol, Big Rock, 87 points, third, and Lester Minart, Big Rock, 83 points fourth.

In the horse drawn class Ray Lewis of Sugar Grove was the victor with Burton Miller of Big Rock second.

Richard Williams of Big Rock won the sulky plow contest. W. R. Forster of Geneva running second.

Gorge Michael of Big Rock had no competition in the event for prize winners of former years, but gave a plowing exhibition.

ACED PREACHER KILLED BY AUTO TRUCK

BATTLE CREEK, Mich., Sept. 24.—Elder George C. Tenney, 72, prominent Seventh Day Baptist minister and for many years chaplain of the Battle Creek sanitarium, was run down and fatally injured by a motor truck late this afternoon.

He had just come from the cemetery where he had visited his son's grave and was waiting to board a street car for home when the accident happened. He was rushed to the sanitarium emergency hospital where he died at 6:50 p. m.

Crime Caused by Losing Friendship

(By The Associated Press)

NEW YORK, Sept. 24.—The theory that Mrs. Grace Lawes, losing the friendship and financial assistance of Miss Mildred Hanan, was driven to a frenzy which resulted in her shooting the shoe man's daughter and then committing suicide was advanced today by John S. Borland, a central figure in yesterday's tragedy.

Borland, a Dartmouth graduate, importer and friend of both Miss Hanan and Mrs. Lawes, advanced his theory only after he had been pressed to do so by Assistant District Attorney Wilson.

Borland asserted that the ending of the friendship, carrying with it withdrawal of Miss Hanan's financial assistance, had left Mrs. Lawes nearly broke. He expressed belief that this was followed by the excessive drinking for which Mrs. Lawes wrote her regret in a letter addressed to her sister in San Francisco and found among her possessions after her death.

Then in turn, according to the

DENIES THAT IT SENT ULTIMATUM

(By The Associated Press)

PARIS, Sept. 24.—The Polish legation declares it is authorized to deny categorically the reports that an ultimatum has been sent by Poland to the Russian soviet and that military preparations are being made by Poland against Russia. It is announced by the legation that the note which the Polish minister at Moscow handed to the soviet authority dealt solely with the repatriation of Polish prisoners and with the Polish railroad material left to the disposal of Russia.

The legation added that "reports that an aggressive spirit is reigning in certain Polish circles and of the role which it is alleged the French government is playing are entirely without foundation."

SHELLS FAIL TO DESTROY ALABAMA

Norfolk, Va., Sept. 24.—Armor piercing shells were hurled from army airplanes today on the old battleship Alabama in Chesapeake Bay in the tests now being conducted against the ship. Although considerably battered by the attacks of the last two days, the battleship is practically intact, although officers maintain that the bombs would have been fatal to any crew aboard.

A squadron of airplanes is expected to leave Langley field tonight with 1,200 and 2,000 pound bombs for another attack on the vessel.

OFFERS TO RAISE MONEY FOR PROSECUTION

SANTA BARBARA, Cal., Sept. 24.—Mrs. Frederick Forest Peabody, formerly Miss Kathleen Burke, noted British war nurse, telegraphed Matthew Brady, district attorney at San Francisco an offer to day to raise a fund among Santa Barbara women to assist in the prosecution of Roscoe Arbuckle on charges of murdering Virginia Rappe.

QUINCY MERCHANT SHOT BY ROBBERS

Quincy, Ill., Sept. 24.—John Schroeder, 66 years old, Quincy grocer is in the hospital here suffering with a bullet wound in his neck and partial paralysis of his left side, the result of his slow obedience to the commands of two men who entered his store. Only one of the shots fired took effect.

Prior to the shooting he was stunned by a blow on the head. His alleged assailants were taken into custody by police shortly afterwards and were identified by the aged man's son in the store at the time of the shooting.

SCHOONER CREW DIE IN COLLISION

NEW YORK, Sept. 24.—The entire crew of the John Anton, a 15 ton schooner, believed to number from three to six men, lost their lives today when the outward bound Cunard liner Caronia rammed the little craft while in the inner harbor. The schooner was broken into three pieces and sank in five minutes.

Mr. and Mrs. Silas Renteher of Concord attended the minstrel show here Friday night.

How Much of Your Youth are You Saving?

There is only one way in which you can save your youth. That is by depositing the money that the labor of your youth is earning for you.

Today you are at the MAXIMUM of your earning power. That is worth considering. What are you going to live on in the declining years of tomorrow?

The Magic That Makes a House a Home

—that magic is MUSIC.

When the eyes of the little ones sparkle and they laugh with glee—when the toes of the older ones begin to waver—when Mother's face radiates happiness itself as she listens to the songs of McCormack and Gluck—when Dad is lost in reverie as those wonderful strains of Violin come to him from Kreisler and Heifetz—Isn't that, in truth, the Magic that makes a House a HOME?

The Victrola—the Master Magician—can make your house a HOME. We'll be glad to prove it. You can buy one for as little as \$25, or as much as \$350—on monthly payments surprisingly small.

REACH AGREEMENT ON ANTI-BEER BILL

WASHINGTON, Sept. 24.—Several week's delay in consideration of the anti-beer bill were forecast today in the senate after conferences between leaders.

An agreement, announced tonight by Senator Sterling, Republican, South Dakota in charge of the measure reached to give the legislation right of way after disposal of the peace treaties and the tax revision bill. The anti-beer measure was shelved aside today in favor of the German treaty but assurances for its eventual enactment were given by Senator Sterling. Sentiment of the senate, he said, is overwhelmingly in favor of it, but as everybody knows a final vote has been prevented by the tactics of not exceeding a half dozen senators.

POSTPONE HEARINGS UNTIL NOVEMBER

WASHINGTON, Sept. 24.—Postponement of hearings on tariff schedules on farm products and live stocks until November was agreed upon today at a conference between Chairman Penrose of the Senate finance committee and representatives of farm organizations having headquarters in Washington.

The spokesmen for the farmers' associations said they would not be ready to go into general discussion of the proposed tariff schedules until about November 1, and urged continuation of the emergency tariff law until such time as the proposed new tariff act goes into effect.

GEORGE HALL TAKES NO CHANCES WITH THIEVES

George Hall, of Alexander, the "weather man", was in the city yesterday in his car and he was not taking any chances of having his auto stolen.

He has a padlock with an extra long hasp that locks both the gas and spark throttles securely to a spoke of the steering wheel. The machine has no foot throttle, so it would be impossible for a thief to either steer it or move the throttles.

Mrs. Mary Crabtree and daughter, Effie went to Winchester yesterday to spend Sunday with relatives and friends.

TWENTY FOUR GAMES SCHEDULED IN BIG TEN

Each Will Have Bearing in Final Standing in Championship Race—Complete Card of Games Is Given.

CHICAGO, Sept. 24.—(By A. P.) Twenty-four football games, each one with some bearing on final standing of the teams of the "Big Ten" are scheduled for play in the coming mid-western, collegiate season. The championship season will get under way Saturday, Oct. 1 when Chicago and Northwestern meet and will close November 18 when all teams are in action in conference games.

Seven of the ten teams play five conference opponents each. Minnesota plays six, Michigan, four and Indiana three. Both Chicago and Illinois have departed from their custom of past years of playing an almost complete conference schedule.

Chicago, for the first time in years, will meet three non-conference teams while Illinois has added to its preliminary game one non-conference contest in October and one in November. Michigan, which has gradually been taking its place in Western football, meets four of the strongest teams of the conference. The other schedules, with the exception of Indiana, are about the same as in past years.

The early meeting of Chicago and Northwestern, ancient rivals, is due to the two teams not having met for a few seasons. With Chicago playing Princeton in mid-season, the only date possible was at the opening of the Midway schedule. The game will be played on Stagg Field and will give Coach McDevitt of Northwestern a chance to show whether his good team of a year ago can repeat.

Both local schools play conference games on the second Saturday Oct. 8, when Chicago plays its time honored game with Purdue, and Northwestern journey to Minneapolis to play Minnesota. It was in the Gopher game, a year ago that Northwestern first demonstrated that it was a team to be feared for the season.

The third Saturday, Oct. 15, adds three games to the list. Iowa meets Illinois at Iowa City, Northwestern faces Wisconsin at Evanston and Ohio State, last year's champion, makes its first appearance against Minnesota on the Columbus field. The following Saturday, Oct. 22, is also a three game day. Illinois will attempt to meet the strategy of Wisconsin on Illinois field, Michigan and Ohio State will continue long time relations at Ann Arbor while Minnesota and Indiana will meet at Northrup field, in Minneapolis.

The final and fifth Saturday in October will see Michigan and Illinois clash at Urbana, a Wisconsin-Minnesota game at Madison and a Purdue-Iowa battle at Lafayette. The first Saturday of November, the fifth, will have as one of its games, the second meeting of Ohio and Chicago as conference opponents, the annual game between Iowa and Minnesota at Minneapolis and a Purdue-Northwestern tilt.

Eight teams will be in action in conference games in the next to the last Saturday of the season Nov. 12. Because of traditional former conditions of rivalry and the fact that the teams are usually in the running for the conference championship two of these games stand out. Chicago will meet Illinois at Urbana in a homecoming game that is dear to the supporters of each school while Michigan and Wisconsin meet in a contest, the records of which were classic before Michigan turned to the East for its opponents. The other games are Iowa and Indiana at Iowa City and Ohio State and Purdue at Columbus. The Hawkeyes and the Hoosiers have been meeting for a number of years and good games generally have resulted.

All the conference teams get into action on the 13th, the first Saturday. Each of the five games has a certain standing in the world of sport and each one has traditions that appeal. The list is:

BELOIT UPSETS THE DOPE BUCKET

Springs Surprise By Winning From Northwestern By Score of 7 to 0—Northwestern's Fumbles Caused Score.

Evanston, Ill., Sept. 24.—Fumbles and penalties today brought one of the biggest football upsets in the mid-west in recent years when Northwestern University's eleven a Western Conference team, was defeated, seven to nothing by Beloit College, looked upon previous to today as hardly capable of furnishing stiff practice for a "Big Ten" football team.

Beloit's score came in the first period when Northwestern lost the ball on a fumble on its own 1-yard line. Later Palmer of Northwestern scored a touchdown but his team was offside and the play did not count. Four times Northwestern carried the ball to the one yard line only to lose on fumbles or downs.

Northwestern's line was remarkably weak and the backs frequently were blocked by their own interference.

INDIANA WINS
Bloomington, Ind., Sept. 24.—Using straight football tactics, Indiana today buried Franklin under a 47 to 9 score in the opening game of the season here today. The line plunges of Captain John Dale of Indiana, featured the game. The visitors fought hard but were outclassed.

Purdue plays Chicago, Iowa, Northwestern, Ohio, Indiana.
Ohio plays Minnesota, Michigan, Chicago, Purdue, Illinois.

Wisconsin plays Northwestern, Illinois, Minnesota, Michigan, Chicago.
Illinois, Minnesota, Michigan, Chicago.

Takes Race After Sanardo Captures First Heat and John Henry the Second—Best Time Is 2:01 1/2.

Columbus, O., Sept. 24.—Hal Malone, a Great Western pacer, captured the free for all event that featured today's program of Grand Circuit races and turned back Sanardo, that took a record of 1:59 1/2 at Syracuse last week in a slashing four heat struggle. Sanardo tired himself pretty badly in the first heat which he won in 2:01 1/2 and he did himself no good when he stepped the first heat in 59 seconds for he faded and finished fourth as John Henry came from the outside and took the heat in 2:01 1/2, the same time as the first mile. Hal Malone then began to show against his tired rivals and won the third and fourth heats and the race. Sanardo and Juno, coupled as the Murphy entry were early favorites in the auction.

CLUBS AND SOCIETY

Friends Surprise Mrs. Nichols

Mrs. Mary Nichol who is visiting here from Ontario, Canada, was given a most pleasant surprise party last evening by Mrs. B. E. Cade, at her home in the Cherry Apartments, where Mrs. Nichol is a guest. Mrs. Nichol was formerly a nurse at Passavant hospital and about thirty of her friends and classmates at the training school came to Mrs. Cade's home and completely surprised her guest.

The evening was spent with various kinds of entertainment among them a mock wedding which caused much merriment. The hostess served delicious refreshments in the course of the evening.

Charles Black Gives Dinner for Directors of Fair

Charles S. Black entertained the members of the board of directors of the Morgan County Fair association Saturday noon at a dinner given at the Dunlap hotel. Mr. Black was the general superintendent of the fair and his guests of yesterday were the ones who made possible the success of the fair project. The guests present at this dinner were George B. Kendall, county farm advisor, Miss Florence Short, secretary of the farm bureau and the board of directors of the fair who are: L. A. Reed, president; Frank Drury, vice president; H. J. Rucker, secretary; C. S. Black, treasurer and C. L. Hawker, C. R. Gibson, J. W. Arnold, J. L. Henry, H. E. Kitner, and S. J. Kamm.

Hostesses at Informal Dance

Misses Eleanor Mae Ames and Josephine Milligan were the hostesses at a delightful informal dancing party given last evening at the Ames home on Mound avenue.

Twenty-four young friends of the hostesses were the guests and the time was spent in dancing the Virginia reel, the cotillon figures and other dances. During the evening delicious refreshments were passed.

First College Dance Largely Attended

The students of Illinois college held the first dance of the season at the Peacock Inn last evening. There were about seventy five couples present and the evening was enjoyably spent in dancing to music furnished by the college orchestra. A number of former students were present and several members of the faculty acted as chaperones at the affair.

Mrs. E. W. Brown Honors Sister at Luncheon

Mrs. E. W. Brown gave a very charming luncheon at her home on West State street yesterday in honor of her sister, Mrs. B. S. Gailey who has recently returned from Japan. Mrs. Gailey has spent the past five months traveling in the oriental countries and returned to her home here a few days ago.

Luncheon covers were laid for ten guests, intimate friends of Mrs. Gailey. The delicious menu and attractive appointments of the Brown home made the function most charming. Misses Anne and Elizabeth Smith of New Berlin were among the guests.

Reception Given for New I. W. C. Girls

An informal reception was given last evening at the college gymnasium in honor of the new girls at the Illinois Woman's college. The event was an informal get acquainted reception given by the college Y. W. C. A. and is an annual affair to which all the students and faculty members are invited.

The receiving line include the cabinet officers of the Y. W. C. A., Janette Wallace, president; Margaret Fowler, vice president; Leta Gibbons, secretary and Hildreth Ashwood, treasurer.

The hostesses had arranged a very clever program of college stunts and music. Refreshments were passed later in the evening. The social committee in charge of the party included Le Nore Kreige and Ada Clotfelter.

Clover Leaf Booster Club Gives Dinner

The Printing Department of the Cloverleaf Casualty company gave a dinner last evening for the other members of the Cloverleaf Booster club. At six-thirty a fine fried chicken supper was served in the club rooms on East State street. The different departments of the company are having a contest to see which department can serve the best dinner for the least cost. Last evening's fried chicken supper ranks high in the contest. The supper was in charge of Miss Marie Sibert and C. Y. Rowe and they were assisted by the other members of the department, Miss Loretta Hart, Mrs. Hilda Perings, Mrs. Etta Suiter and Messrs. Peckham, Graubner, Branstetter and Allen.

Concord Aid in All Day Meeting

Mrs. George Deterding and Miss Anna Deterding entertained the Ladies' Aid of the Christiana church in their building at an all day meeting Tuesday, Sept. 23. Twenty members were present. One new member was added to the roll.

Mrs. Mollie Bayless and Mrs. Ashford Ator of Jacksonville were with us.

The following visitors were present: Mrs. Kate Ratliff of Springfield, Mrs. Wm. Price of Sheldon's Grove, Mrs. R. E. Fox and Mrs. Ella Ferber of Chapin, Mrs. W. H. Williamson, Mrs. Edgar Bayless, Mrs. Artie Ham, Mrs. Olive Morrison, Mrs. Frank Dober and Mrs. Howard Yeck of Concord. Two quilts were quilted and about 20 pounds of carpet rags were sewed. At noon a fried chicken dinner was served to which all did ample justice.

After the business session the meeting adjourned to meet with Mrs. Ashford Ator in Jacksonville in an all day meeting Nov. 3.

Chapin Household Science Club

The Chapin Household Science club was very pleasantly entertained at the home of Mrs. W. U. Anderson on Friday afternoon, Sept. 24.

There were sixteen members and four guests present. The guests being Mrs. W. R. Hatfield of Chicago, Mrs. Fleming of Chapin and Prof. and Mrs. Hess of Community High school of Chapin.

The program opened with music on violoncello.

Roll call was responded to by names of inventors.

A short business session was held and several subjects of importance discussed.

A paper, "The Evolution of the Time Piece," was read by Mrs. B. A. Cratz of Concord.

This was very interesting and much enjoyed by the club.

Round Table—Useful inventions—led by Mrs. H. O. Smith. This was good and readily responded to by members.

Prof. Hess then addressed the club. Subject: The conditions and needs of the community High school of Chapin. A very interesting address.

Mrs. N. R. Hatfield of Chicago then gave a very interesting talk.

Delegates were appointed for the district convention of the Federation of Clubs.

The hostess then served a very excellent two course luncheon which was greatly enjoyed by all present.

All departed having had a very enjoyable afternoon.

The next meeting will be with Mrs. B. A. Cratz of Concord on October 5.

BURGLARIES REPORTED

The local police authorities received word here yesterday that the postoffice safe at Easton, Ill., had been blown open by yeggs Friday night. The amount of the loss was not stated but it is not believed to be very large. The Mason county sheriff was unable to furnish a very accurate description of the robbers or their car.

A garage was also burglarized in Havana Friday night and a dozen tires taken.

FUNERALS

Penn.

Mrs. Otto Smith is in Dearborn, Michigan, to attend the funeral of her mother, Mrs. James Penn. Mrs. Penn died last Friday after a long illness. She has a number of friends in this city who will be shocked to learn of her death.

Mrs. Smith has been in Dearborn for several weeks taking care of her mother during her long illness. The funeral services were held yesterday.

RETURN FROM MICHIGAN

Mrs. J. C. Fairbanks, Miss Georgia Fairbanks and Arthur D. Fairbank have returned from an automobile trip to Old Mission, Mich. They have a fruit farm there and spent a very pleasant vacation in the northern country.

Miss Milton Ruble and son, Dee were shopping in Jacksonville yesterday.

Mrs. Grant Mason, of Stover, Illinois, is visiting at the home of Mrs. Joseph Strawn in Alexander.

WILL ESTABLISH THRIFT SHOP SOON

Social Service League Plans Establishment For Sale of Used Clothing—Board Offers Co-ordinating Campaign Plan.

The executive board of the Social Service league held a meeting Saturday night at which a number of matters of business were given consideration. It was decided to establish a thrift shop which will be in charge of a relief committee. It is the purpose to offer at this shop second hand apparel at nominal prices. The shop will be in charge of a full time worker and the effort will be to conduct it along lines which will accomplish the most good during the coming winter months.

Announcement was made that arrangements have been perfected with both Illinois college and Illinois Woman's college for the offering of extension courses in social service work. These courses will be open not only to the students but to others outside who may be interested in social work. College credit will be given for the work done. Miss Lucy Catlin will be the instructor in these courses.

The annual meeting of the Social Service league is to be held October 11. In addition to the usual program this year there will be a series of tableaux and a playlet will be given by the Dramatic Arts Club of Illinois Woman's college. The committee discussed fully the matter of coordinating the various philanthropic enterprises in one campaign and endorsed the plan.

Judge H. P. Samuell was named to represent the league on the joint rest room committee which has been named to take up with the county commissioners the matter of establishing a rest room in the court house. Several other matters were discussed.

The New Way to Cook

are not an experiment. Cooking authorities and myriads of America's good housewives enthusiastically endorse them. Cooking by steam "under pressure" brings out all the flavors and juices and makes all food, even toughest meats, tender and delicious, in 1/2 the time, with 1/2 the fuel. Positively will not scorch or burn.

Think of the hours of kitchen drudgery it saves, to say nothing of fuel—think of cooking onions or cabbage and having no odor in the house.

We want to show you this wonderful necessity for every home and ask you to come in the first time you are down town.

DON'T fail to see this NATIONAL PRESSURE COOKER in operation. Used on any STOVE. An entire meal in THIRTY minutes. A whole kitchen equipment in ONE wonderful utensil. Will pay for itself in FOUR months.

GOLD PICNIC IS POSTPONED

The Young Woman's Guild of Congregational church were unable to have their scheduled picnic at Nichols Park yesterday because of the weather conditions. The members and their families instead enjoyed a delicious chicken dinner in the social room of the Congregational church in the evening. Everyone enjoyed a splendid social time and everything was informal. There was no program as none had been arranged for the picnic.

FORMER RESIDENT NOW OF KANSAS CITY

With Morgan County Poets

Poetry, originally designed for recitation, is no longer recited. It is read silently, and its primary appeal is now to the eye. For that reason, it is gradually losing its signposts, viz., metre, rhyme, alliteration, caesura, all except punctuation—points, stars and dashes.

If this goes on, another generation will regard itself on verse libre, which is prose arranged to catch the eye by phrases, by position and contrast. Eye-music is gradually taking the place of ear-music.

In other words, poetry is taking on pictorial attributes, borrowing tricks from the motion picture and the futurist style of painting. How far it will go before it overdoes the trick, and returns to a sane basis of style, no one can foresee.

The following verses are neither fish nor fowl—a hybrid. Yet many people nowadays profess to like that sort of thing, including the cynicism, and so the magazines are full of it. "In the Library" was first published in the Stratford Journal (Boston), in the July issue of 1919.

IN THE LIBRARY

I am not one who looks at the last page first,
Nor do I waste much precious time to hover
Over the records on the inside cover
Of borrowings. I cannot be coerced
By gaudy bindings,
And little care to hear reviewers' findings
In the books of verse or plays
Donated to invite their praise.

Sometimes I'm curious tho to see
Just what the Public reads—the great C. P.
I skim some hundred lines, up goes my nose,
And back to the ranks disgraced the volume goes.

I saunter over by the Poetry shelf,
And (not as on a flask of Spanish port
Of ancient vintage) in pathetic sport
Remark the dust. To solace self
I extricate a loved anthology—
One copyrighted long enough ago,
And yet it bears the record of a single borrower!
Courageous or blundering patron,
Who do you suppose? A man, or matron?
Why—ha! ha!—none other than myself;
Two years before, when it appeared,
Devotedly I drained its store of whim—
A butterfly upon the amaranth.

Yes, books are flowers to me, the people butterflies;
The showy, noisome weeds get all the patronage
Of the Nymphalidae. Each thrives and dies,
Each month's demand, like April rains,
Brings out the flowers and the butterflies that fade—
The flowers that have the lure of scent and shade,
The butterflies that have such tiny brains.

ANTI HORSE THIEF OFFICERS ELECTED

Were Chosen at Regular Meeting
Saturday—Delegates to State
Convention Are Also Chosen.

The regular monthly meeting of the Anti-Horse Thief association was held at the county court house yesterday. The annual election of officers was held and a large crowd was present. Delegates to the state convention were selected. The state meeting will be held October 19, at Springfield, the headquarters will be at the Leland hotel.

Charles S. Black, who was elected as a national delegate at the convention here last year expects to leave for Newkirk, Okla., next week to attend the national convention. The Oklahoma state convention will be held on October 4th and the national convention on October 5th.

Meredith Sub-order A. H. T. A. sent an invitation to the local sub-order inviting the members and friends to attend the annual A. H. T. A. picnic, September 29. Several members from the local sub-order will attend. State's Attorney Carl Robinson will be one of the speakers.

William M. Cleary and Albert Gebert were initiated into the organization Saturday and several applications were received. The following officers were elected:

President—A. C. Reid.
Vice-President—G. W. Patterson.
Recording Secretary—John W. Lazenby.
Financial Secretary—William Batz.

Treasurer—N. T. Fox.
Guard—Stansfield Baldwin.
Marshal—Frank Wigginjost.
Prosecuting committee—Isaac Watson; Charles A. Rowe; Stansfield Baldwin; G. W. Patterson; John A. Moss.

The following were selected as delegates to the state convention—A. C. Reid, John W. Lazenby, N. T. Fox, William Batz, Frank Wigginjost, Stansfield Baldwin, Charles A. Rowe, G. W. Patterson, Charles S. Black, George Laurie, John Hadden, Herbert Challiner, John A. Moss, Richard Leake, O. A. Brainer, William Menge, Newton Flynn, Steven Dunlap, Charles O. Leake, Samuel Butler, Jacob Hosp, T. R. Fozzard, Carl Hembrough, Edward Patterson, James Ranson and Allison Thomason.

COLLEGE OF MUSIC NOTES

The members of the music faculty returned from their vacations the first part of the week. Misses Horsburgh and Sapio and Mrs. Forrest spent the summer at Camp Winnisquam in Vermont. While there they also assisted in the summer concert series of the University of Vermont. Miss Florence Kirby spent the summer at Chicago studying piano with Edgar Nelson and in the master classes of Jan Chappusso. Miss Belle Melius divided her summer between Chautauqua work and study in Chicago. She attended the master classes of Joseph Llevigne and studied piano with Mure Kieselbach. Miss Louise Miller sang at Bay View, Michigan for a season of six weeks and spent the remainder of the summer at her home in St. Joseph, Mo.

Miss Beatrice Horsburgh, lead of the Violin Department and an authorized exponent of Leopold Auer's methods, has attracted a number of talented advanced pupils this year. Mrs. Hoffman-Higbee is a new addition to the violin staff.

Among the talented Freshmen who have enrolled in the Bachelor of Music course might be mentioned young Miss Christine Cotner from Oklahoma. While still a high school student she was the successful contestant of seven local and state contests in Oklahoma, winning prizes both in violin and piano. She will study with Mr. Pearson and Miss Horsburgh here.

A great deal of interest has been manifested in the children's classes under the direction of Miss Belle Melius. The exact number enrolled is a big increase over last year.

The enrollment in all the departments of the College of Music is exceeding all expectations this year. Especially gratifying are the large number of students who are taking advance theory work. Miss Florence Kirby teaches Counterpoint, Miss Belle Melius, Composition, Miss Olga Sapio, Musical History, Mr. Pearson, advanced Harmony and Form and Analysis, and Miss Beatrice Horsburgh, Musical Appreciation.

The large increase in enrollment of local music students, with present public school hours, makes it difficult for the teachers to arrange suitable time for all, but it is expected that by next week all irregularities in the schedules will be satisfactorily arranged.

Dates for the faculty recitals and the artist course have been decided upon and will be announced very shortly.

James Burke of Alexander traveled to town yesterday.

To the initiated in matters of tailored style, these models are examples of the ingenuity of the designer. The Printz designer sees his style sketch developed into a garment even more beautiful than his original conception. The Printz standards of tailoring give each model a certain quality based upon values which the superficial glance does not always observe.

Beauty of line, original ideas

of design, engaging motifs—these are the elements skilfully used to accomplish the effects of true tailored style.

We take particular pleasure in offering to our patrons this unusual collection of autumn suits and coats.

You will be surprised to find that Printz coats and suits are moderately priced, no higher than many garments of questionable value and infinitely more desirable.

What Makes Furniture Value

Let us show you. Value is a relative and composite Term. There are degrees of value. Several factors go to make up real value.

The Peoples gives its patrons the highest value in furniture. And the elements of workmanship, material used, price involved, service rendered and general reliability of the lines handled—all these things which go to constitute real value, are found at The Peoples in the highest degree. In selecting furniture, stoves and floor coverings this fall come to Jacksonville's fastest growing store—the Peoples' store.

Motor Oil and Gasoline

If you are interested in keeping your operating cost to a minimum, follow the course of common sense.

How do you keep up your general health? What do you do when you become ill? Do you consult a paper hanger in regard to your heart action? Do you set up your own opinions, based on imagination? Do you base your conclusions on sales talk?

NO! TO ALL OF THESE.

Ultimately you seek the advice of education, science and services of skilled workmen.

WHY?

Because the ultimate results combine the experiences of many tending to economy and satisfaction.

We stand, in a way, advisors to the Motoring Public. What we sell we recommend.

WOMAN'S COLLEGE NOTES

The College opened for regular work at nine o'clock Wednesday morning with a most gratifying registration in all departments. Some additional students have been coming in since so that the total registration will exceed the previous year. A complete change in the method of registration was adopted for this year's entering classes. In spite of the fact that it was new to all students and to all members of the faculty, the system worked splendidly and enabled the work to begin with out any of the usual annoying mistakes of the first few days.

The Students' Association plan to take a more active part in the social life of the school. On Thursday evening, immediately after dinner the students assembled on the back campus and enjoyed a marshmallow roast under the direction of the Association. College songs were sung and the various class yells helped enliven the gathering.

Miss Marian DePew of the class of 1922 spent the summer at the Biological Station of the University of Michigan which is located at Pellston, near Mackinaw City. While there she took the course in Ornithology and Entomology; most of the work being in the field. She brought back with her a number of splendid photographs both of the birds and of various things near the camp. Miss DePew was with Miss Whitmer of the department of Biology.

The annual party for the new students was given by the Young Women's Christian Association in the gymnasium, Saturday night, September 24. At this party all of the students are invited, both new and old with special attention being given to the new students. After passing through the reception line, the students became much better acquainted with each other through the various stunts and games that were planned by the Association.

A picnic is being planned by the Athletic Association for Monday morning at Nichols park. Miss Margaret Hamilton is president of the Association and is making plans for a most active year in the department.

The classes in swimming will start within a short time. The work in swimming will have the special attention of Miss Margaret Hamilton who has had unusual experience as well as training during the past summer. She was in charge of the work in Physical Education at the Aurora Y. W. C. A. and while there took the examination under the auspices of the American Red Cross, passing the life saving test with a grade of 100%. She has been appointed by the American Red Cross as an official examiner for this district. This gives her the right to conduct tests and have them recognized by the Red Cross organization. Miss Hamilton will be assisted in this work by Miss Meredith, Miss Dean and Miss Dinsmore. These young women work under the supervision of the Physical Director, Miss Boyd.

The pageant which was given during the session of the Illinois Conference has been the cause of a great deal of favorable comment among all those who were privileged to witness this splendid conception of the origin and growth of the college. Too much credit for this can not be given to Mr. Kearns and those who assisted him so faithfully in putting on this history of the college. It is possible that some of the episodes may be reenacted by the students during the current year, as it will be indeed most interesting to the entire student body and to the faculty.

THREE PEOPLE IN FAMILY BENEFIT

"We Can't Praise Tania Enough for What It Did," Declares Mrs. Barbara Mowers.

"My husband, my son and myself have all used Tania and we just can't praise it enough," said Mrs. Barbara Mowers, who lives on Milwaukee Ave., Libertyville, Ill.

"The 'flu' two years ago broke my health down and I am just now getting over the effects of it. My whole system was left badly run down and my nerves and stomach were all upset. After eating I would bloat up dreadfully with gas and have awful pains in my stomach and sides and even in my back. At times there were pains around my heart that almost frightened me out of my wits and I became nervous and highly strung. I suffered greatly from constipation, fell off eighteen pounds in weight and was troubled and worried so that I was almost a complete wreck."

"My son was the first one of us who began taking Tania and when I saw it helping him I started on it and it certainly has brought joy and happiness to our home. I have taken three bottles and have already gained twelve pounds and feel just splendid in every way. Eat just anything and everything I want, am not a bit nervous and sleep soundly all night long."

Tania is sold in Jacksonville by J. F. Shreve, Druggist, and by leading druggists everywhere.—Adv.

SEE THE ASBESTOS SWEAT

Leg or Cabinet Style BEAUTIFUL RANGES

That's what comes to your mind every time you go in the kitchen and see the Copper-Clad Range. It is an inspiration because the finest known example of the artificers' art in range making. It is a picture because so pleasing—a statue because ideal in proportions—a symphony because of the perfect performance.

This Set of Elegant Aluminum Ware FREE

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

Free to Copper-Clad buyers during this sale.
Come—See the Asbestos Sweat.

See Why Copper-Clad Ranges Do Not Rust Out

A section of a range body is heated and there on the iron body is the sweat from the asbestos. Right before your eyes you see just exactly what happens every time you build a fire in your range. You see why the sheet of copper is used and what it does and how it does it. You take nobody's word—you see—you know—absolutely, positively.

SAVE A THOUSAND SHOVELS OF COAL EVERY YEAR

You know how the many walls and air spaces of a thermos bottle hold the heat. You know that a house with a single wall is not as warm as the house with two walls and an air space. You know that storm windows, two windows with a space between, are much warmer than a single window even if it is as thick as the two windows.

The Copper-Clad Range has four walls and an air space. See what it means in fuel saving. See the water sizzle and boil away on the 3-ply sample while it stands on the Copper-Clad sample. See how the heat is wasted by radiation on the three-wall construction and how it is saved by the four-wall thermos construction.

Suppose that you save but one shovel of coal at each meal; in a year's time you would have over a thousand shovels of coal. Pay? Of course, it will pay. And you owe it to yourself to see these two great demonstrations and know for your own self what range lasts longest—is most economical—cooks best—and looks best.

Copper-Clad means that Pure Sheet Copper is placed BETWEEN the sweaty asbestos and range body. To place it elsewhere would be like climbing on top of the roof to get out of the wet.

The Most Beautiful Car in America
Performance, the Buyer's Guide
In design, appointment and finish, Paige 6-66 models challenge the most artistic achievements in motordom.
But really fine cars are measured by performance—not by paint or price. Superiority must be revealed mainly in terms of action.
Therein lies the significance of the attested records of Paige 6-66 models on track and hill—not so much because of the exceptional speed and power these records revealed, as for the stamina they demonstrated.
This superiority of performance and guarantee of long life have been the principal factors in shattering the "price myth." From the standpoint of appearance, performance and sound investment the Paige 6-66 easily determines for the buyer the price he should pay for a truly fine car.

ILLINOIS COLLEGE NOTES
Students continue to register in all departments of the college. The chapel seats will not be numerous enough to accommodate all of the students. Over one hundred students are registered for freshman English; over sixty are taking freshman chemistry. One of the surprises of the registration is that fewer students are taking freshman French than are registered for freshman Spanish.
In accordance with the custom inaugurated last year the churches of the city will all give their student receptions on the same evening. This fall that evening will be Thursday, September 29th. The various churches are making plans to give the students affiliated with their respective denominations a good time that evening.
Several students have come to Illinois college this fall from other institutions—two have entered the upper classes from Blackburn college; another has entered the junior class from Radlands college, California; a girl enters the senior class from the University of Oklahoma. The young lady from France is registered in the junior class. Another girl enters the sophomore class from the University of Arizona. The fact that these students are coming to Illinois college in order to complete their courses in a good indication of the standard of work being done in Illinois college.
Two girls of the college, a junior and a senior decided during the summer that they would attend Knox, but after a few days residence at this sister institution, they decided to return to Illinois for the completion of their work.
As has been customary, the Y. W. C. A. girls will entertain the girls and women members of the faculty at the home of Mrs. Rammekamp Monday afternoon.
While the freshman men are required to appear in green caps and with green arm bands, the freshman girls according to the Academy Court, are required to appear on Fridays with their hair down and with green ribbons. One might have imagined last Friday morning that the campus was a place for girls in the primary department instead of college girls. All of these student regulations are taken in good spirit by the freshmen.
There is much talk on the hill this year about the early organization of a college band. More men who can play band instruments have registered in the college this year than in any previous year. Russell Pinkerton '22 is the leader of the movement for the organization of the college band. A meeting will be held early in the coming week to effect an organization.
A new canvas fence has been purchased for the athletic field and is being completed.
The first football game of the season is scheduled with Blackburn for next Saturday. An effort is being made to change the game to Friday for the convenience of the business men of the city.
Among the alumni and former students of the college who were on the campus for the opening exercises were Edward Bullard '16, Emil Wells '20, Dr. Ruth Fairbank '11, William McCormick '08, S. W. Nichols '08, H. H. Bancroft '06.

WHY WEAK NERVES AND THIN WATERY BLOOD
CAUSE SUCH GREAT PHYSICAL WEAKNESS AND MAKE ONE AN EASY PREY TO A MULTITUDE OF DANGEROUS DISEASES
Every human being is born with a certain quantity of "nerve force"—some with more than others.
Your body normally makes or generates nerve force only about so fast, and if through overwork, worry, constant nervous strain or other excesses, you use up your nerve force faster than your body makes new nerve force, then your nerve power becomes weakened and as a consequence your blood may become thin, pale and watery, and you become feeble, cross, and irritable. In such a state you may not only suffer terrible tortures from a multitude of alarming symptoms, but in your greatly weakened condition you are an easy prey for the multitude of dangerous germs with which you must come in almost daily contact, and you may therefore easily contract some dangerous or even fatal disease.
In such cases you should immediately take something to revitalize your worn-out, exhausted nerves and create new nerve force. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product quickly aids in enriching the blood and thereby helps it to furnish an additional supply of new nerve force with which to revitalize and regenerate the brain and nerve cells. It also contains a product which represents the principal chemical constituent of active living nerve force in a form most nearly allied to that in the nerve and brain cells of man. Nuxated Iron may therefore be said to be both a blood and a nerve food as it furnishes strength-giving organic iron to the blood and the most important element of the neuro-vital fluid to the nerves. The effect of Nuxated Iron is cases of exhausted nerve force and impoverished blood is so remarkable and surprising that it often increases the endurance of weak, nervous, "run-down" men and women in two weeks' time. In fact, the manufacturers guarantee satisfactory results to every purchaser or they will refund your money. Nuxated Iron is for sale by all druggists.—Adv.

Present this coupon to your dealer. He will give you a delightful ten-day test of a new teeth-cleaning method which millions are employing.
Watch the effects, quick, pleasant and conspicuous. Watch the new luster that comes. In ten days let your mirror tell you the way to pretty teeth.
Leading dentists everywhere advise this method now. You will see and feel the reasons when you make this test.
End the dingy film
The chief purpose is to fight film. This viscous coat, which you can feel, causes dingy teeth and also most tooth troubles.
Film clings to teeth, enters crevices and stays. The old ways of brushing did not end it. So film-coats night and day threaten serious damage.
Film is what discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.
Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing. Despite the daily brushing with old methods, very few escaped them.
Now you can fight it
Dental science, after long research, has found ways to fight that film. Able authorities have proved them effective. Now leading dentists everywhere advise their daily use.
The methods are embodied in Pepsodent, the new-day, scientific tooth paste. Millions of people now use it, and the use is fast spreading the world over.
That is the dentifrice we urge you to try. Your druggist has a free tube for you. Enjoy its effects for ten days, then judge them for yourself.
Also starch and acids
Modern diet makes other things essential. And those essentials are embodied in this scientific tooth paste.
Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.
It multiplies the alkalinity of the saliva. That is Nature's agent for neutralizing acids which attack the teeth.
Watch teeth whiten
The results of Pepsodent are quickly seen and felt. No user can long doubt them. A book we send explains the reasons for them. A very short test will convince you that this new way is essential.
Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.
Then you will see and feel and know that Pepsodent is necessary. You will realize that old methods were not right. And this discovery may bring life-long benefits both to you and yours. Present this coupon to the dealer named this week. Cut it out now.

Free All This Week
This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner, safer teeth. This offer is for one week only. It means much to you and yours. Act now.
An ideal diet would do these same things, but few people get it. So dental science now needs the tooth paste to bring these desired effects.
Pepsodent will daily bring you five great benefits which the old ways did not bring. Together they mean a new era in teeth cleaning.
Men's tobacco stains
Men who smoke stain these film-coats with tobacco. The use of Pepsodent brings them conspicuous effects.
Food stains with women make these film-coats dingy. The glistening teeth seen everywhere now show how Pepsodent removes them.
But children need Pepsodent most. Their teeth are most subject to film and starch attacks. Very few escape them. Dentists advise that they use Pepsodent from the time the first tooth appears.

A Private Surgical Hospital

Thru its Public Health Department Says:—

A higher degree of "Efficiency" in caring for Surgical cases we are constantly trying to reach.

We announce the addition of Miss G. L. Buckner of Quincy, Illinois, a graduate nurse of the New Home Sanitarium, to our force as the Supervisor of Nurses.

Dr. W. J. Williams of Meharry Medical College, Nashville, Tenn., comes to us to take charge of the X-Ray and Laboratory Department.

Both of these persons have been specially trained in their work and will be of great assistance in promoting greater "Efficiency and Service" at this Institution.

In fact will help make "The Safest Place" for your Surgical Operations.

A. H. KENNIEBREW, M. D.
Surgeon in Charge.

RAILS ADVANCE

FROM 1 TO 3 POINTS

NEW YORK, Sept. 24.—Tradi-
ng during today's short stock
market session was subjected to
conflicting elements, the further
advance of rails being counter-
balanced by heaviness of foreign
oils.Gains of 1 to 3 points among
transportations were led by
Cleveland, Cincinnati, Chicago
and St. Louis (Big Four) based
largely on that road's excellent
annual statement. Pacific added
to recent advances and St. Paul
represented the stronger grangers.Selling of Royal Dutch, which
suffered an extreme setback of
five points, affected Mexican
Petroleum and General Asphalt,
those issues reacting 1 1/2 to 2
points. Sumatra Tobacco was un-
der steady pressure and con-
tributed to the regular tone. Sales
amounted to 235,000 shares.The bondmarket retained its
recent active and strong trend
with further heavy dealings in
liberty issues, mostly at advances.
Similar tendencies were shown
by convertible railway issues.CHICAGO, Sept. 24.—The
wheat market was unsettled on
the Board of Trade here today
with prices fluctuating rather
rapidly at times and going into
a decline at the finish when Decem-
ber closed 1c to 1 1/2c down at
\$1.25 1/2. Corn dropped a shade
in sympathy with wheat while
oats showed independent and
finished unchanged to a shade
advance. The bulk of the wheat
trade was of a local character
with considerable week-end even-
ing up but the light outside
trade prevented any great en-
thusiasm and a majority of the
traders was disposed to keep
close to shore.Corn and oats were somewhat
unsettled but the undertone was
easy as there was little in the
news of a constructive character.
Trade was mainly local.Provisions were lower on lack
of support and moderate selling
with the greater part of the trade
in lard. Heavy shipments for
the week failed to have any effect.IN THE CIRCUIT COURT

The big idea in this business

The "big idea" in this business is to
"give something" to our customers

That may sound like talk: an
"awfully good" attitude. Not a bit
of it. It's the greatest business
building idea we ever got hold of

If you give a little more value than
anyone else; if you give a little
more attention to styles, to personal
service, everybody hears about it
and everybody comes to you; it's
what we all want

*The values are here and
the styles are here in Hart
Schaffner & Marx clothes
We'll be glad to show you*
